

Hey Leaders!

You started a new troop and we could not be more excited for you. Along the way your troop will gain new skills, make memories, and of course build friendships that last a lifetime. The Girl Scout Leadership Experience is all about choices and opportunities to best suite the members of your troop. Just like no two people are the same, no two troops are the same either; however, our Girl Scout Research Institute has discovered several commonalities among successful troops! Accomplish the tasks below throughout your first year to offer your troop a well-rounded and strong Girl Scout experience.

- Host caregiver meetings throughout the year to stay connected.
- Host an investiture or rededication ceremony
- Attend Service Unit meetings regularly
- Attend a local Service Unit event
- Earn an Entrepreneurship badge
- Earn a Life Skills badge
- Earn an Outdoors badge
- Earn a STEM badge
- Take the troop on an outdoor adventure
- Take the troop on an outing connected to a badge or journey
- March in a parade
- Complete a community service or take action project
- Host (or attend) a bridging or year end ceremony
- Stay in touch over the summer
- Have fun!

Remember—now question is too small or silly! Reach out to our team for assistance:
